

The Pearl Sound System

The Pearl features a pitch perfect digital sound system that has gorgeous sound and covers the entire space evenly.

- 3 way sound system all routed through our processors and equalised it includes...
- 1500 watt amplifier
- Mixer
- Equalisers
- Dynamic system control
- CD player
- All data and DMX inputs
- LCD panel and Creston LCD touch screen technology
- All tuned and equalised to the space and ready to go
- System can be stand alone or at the press of a button be in-sync with the rest of the venue

The Pearl Sound System would cost you around \$1300 to hire a system of this quality, but with your room hire, the additional cost is only \$420 plus GST and includes The Pearl, Pearl Lobby and bathrooms.

You could be forgiven for missing the ceiling mounted speakers as the view almost makes them invisible!
